Screen Ads are full graphic / full color shown on screen as part of a rotating slide show. Program ads will be grayscale. Art must be provided in photo ready format. Graphic design services for ads are available for an additional charge.

Four shows will have at least a 6 day run, and other shows will be less. Each day has potential for 60-100 people viewing the ad. Thus a single show ad (Choice #1 & #2) can be viewed by an average of 360-420 people, and a season package (Choice #3 & #4) by over 1000.
